# About Daily Dairy

Let's be honest. Exploring something new by yourself can be challenging. Navigating the busy streets of a unknown city. Ordering from a menu written in a foreign language. Or staying cool, calm and collective during the first days of dating. 'New' is scary. Unless you have someone experienced right beside you...

We're Daily Dairy Holland. Your personal guide in the world of cheese. We have been at home in the export of this delicious delicacy since the beginning of the 20th century. Along the way we learned where to take a right for competitive prices or to go left for premium quality. Knowledge

we'd now love to share with you as you embark on your journey of finding the perfect cheeses.

Whether you're after Dutch classics like Gouda and Edam or more adventurous flavours like guacamole or limoncello; we're here for you. As your guiding companion, we'll help you navigate the vast landscape of cheese with ease and confidence. You just have to follow our lead.

We don't expect a tip at the end of the tour. Your satisfaction is our greatest reward. However, your feedback is of great value to us. It's how we ensure your next journey with us is even more memorable.

# V.S.O.C.

## V.S.O.C. *exclusive* from Holland

V.S.O.C. is made to the original Gouda recipe in Holland, using only the best Dutch milk. To make a full wheel, we use no less than 110 liters of milk. After the traditional production process, the cheese is matured on wood in our pedal ageing room for no less than 1, 2 and even 3 years. Throughout this time, it is regularly hand-waxed and turned until it reaches V.S.O.C. quality standard.

Exclusive from Holland

### Remarkably robust flavour

The flavour of our V.S.O.C. cheeses is nothing short of unique. It has all the colour, taste and aroma you expect from a classic vintage Gouda, but an extra hint of sweetness and the subtle crunch of salt crystals make it exceptionally robust and irresistible. The result is a fine example of Dutch craftsmanship, following a tradition handed down from father to son over many generations.

### Perfect at any time of day

Our master cheesemakers ensure that, despite its age, V.S.O.C. Black Label is always easy to slice. That makes it the perfect cheese for any time of day. Delicious in a sandwich, ideal in the kitchen to bring real flavour to your dishes and remarkably good with a glass of red wine. In fact, you can enjoy V.S.O.C. Black Label all day long!
